- Installers and Repairers Employees primarily engaged in installing, removing, rearranging, or maintaining customer equipment, PBX switching equipment, auxiliary station equipment, inside wiring, cabling, or outside wire, as well as incidental outside plant maintenance work. (Personnel of the Telephone Shop are not included in this Direct Labor Group; Test Board clerical forces are included.)
- Assignment and Repairs Clerks Employees primarily engaged in assigning telephone numbers, line equipment, cable and open wire facilities as required by service orders; cable and terminal box transfers; cutovers and other plant rearrangements; service order processing and dispatching; and receiving and maintaining trouble reports.
- Line-Cable Maintenance Workers Employees primarily engaged in placing, removing or rearranging (but not splicing or terminating) outside plant facilities.
- Splicers Employees primarily engaged in splicing aerial, underground, buried or submarine cable due to construction, removal, maintenance or rearrangements. They are also involved in the investigation of electrolysis troubles.
- Plant Technicians Employees primarily engaged in the technical functions relating to installation and repair of data transmission equipment, radios and electronic circuits.
- Inspectors Employees primarily engaged in the inspection of installation work completed by outside contractors and of repair work completed by company employees.
- Land & Building Workers Employees primarily engaged in repairing, painting or maintaining buildings.

Each Direct Labor Group employee is required to fill in a Daily Time Report, which is submitted to his or her supervisor. Time is reported in increments of **no more than one hour**, and the employee is responsible for reporting 40 hours per week and any overtime. The employee reports his time to field codes, which are classified as either regulated or nonregulated and are associated with appropriate accounts.

Employees are responsible for recording travel time to the appropriate field code or field codes. Also, the hours spent on job-related education are charged to the field code(s) to which the employee routinely charges his or her time.

- Installers and Repairers Employees primarily engaged in installing, removing, rearranging, or maintaining customer equipment, PBX switching equipment, auxiliary station equipment, inside wiring, cabling, or outside wire, as well as incidental outside plant maintenance work. (Personnel of the Telephone Shop are not included in this Direct Labor Group; Test Board clerical forces are included.)
- Assignment and Repairs Clerks Employees primarily engaged in assigning telephone numbers, line equipment, cable and open wire facilities as required by service orders; cable and terminal box transfers; cutovers and other plant rearrangements; service order processing and dispatching; and receiving and maintaining trouble reports.
- Line-Cable Maintenance Workers Employees primarily engaged in placing, removing or rearranging (but not splicing or terminating) outside plant facilities.
- Splicers Employees primarily engaged in splicing aerial, underground, buried or submarine cable due to construction, removal, maintenance or rearrangements. They are also involved in the investigation of electrolysis troubles.
- Plant Technicians Employees primarily engaged in the technical functions relating to installation and repair of data transmission equipment, radios and electronic circuits.
- Inspectors Employees primarily engaged in the inspection of installation work completed by outside contractors and of repair work completed by company employees.
- Land & Building Workers Employees primarily engaged in repairing, painting or maintaining buildings.

Each Direct Labor Group employee is required to fill in a Daily Time Report, which is submitted to his or her supervisor. Time is reported in increments of **no more than one hour**, and the employee is responsible for reporting 40 hours per week and any overtime. The employee reports his time to field codes, which are classified as either regulated or nonregulated and are associated with appropriate accounts.

Employees are responsible for recording travel time to the appropriate field code or field codes. Also, the hours spent on job-related education are charged to the field code(s) to which the employee routinely charges his or her time.
